

June 2024

Authors: Ashley and Sushma

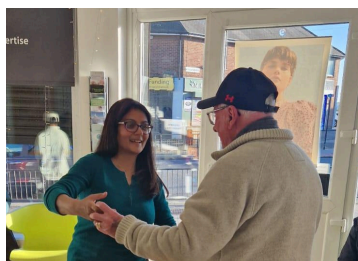

CELEBRATE GOOD TIMES ASANTE SANA FOR THE LAST 15 YEARS!

We're beyond grateful to each and every one of you who joined us in celebrating our 15th anniversary as your friendly neighbourhood opticians. It meant the world to have you all there, sharing in the fun and adding to 15 years worth of wonderful memories.

We had a great, sunny evening with live guitar music, laughter, dance and delicious snacks made

by family and the Samosa and Sweet Factory on West Road. Some of you even tried Masala Chai for the very first time!

Your smiles, stories and support made our anniversary party truly unforgettable. From helping us pick out funky frames to sharing laughs over eye exams, it's been an incredible ride so far and we're thrilled to have had you all along for it.

Your support over the years has been incredible and we couldn't have made it this far without you. Here's to many more years of good times, great partnerships and perfect vision!

As a **THANK YOU** for 15 wonderful years, we are offering you a **SPEC-TACULAR 15% OFF PRESCRIPTION SUNGLASSES!**

For example: you would save a huge **£30 on a £200 spend!**

Don't miss out on this great offer - book in for a styling this Summer and let us help you **FEEL GOOD** and **LOOK GOOD**

I Can Hear Clearly Now!

At Vision Clinic we understand that, for those with hearing loss, it can sometimes be difficult to truly feel involved with conversations, especially in noisy environments. That's why, in the same way that we've always offered you the very best in eye care, we also offer you the very best in hearing care.

We are delighted to introduce our Audiologist, Chloe Browne, who will be providing a private hearing care service - offering **complimentary** hearing checks.

"I pride myself on providing excellent care to my patients, keeping up to date with the newest advancements in technology and providing the best products to suit each patient's individual requirements. My main focus is to support my patients, helping them understand their hearing loss and guiding them on their journey to better hearing and a better quality of life!" - Chloe Browne

Did you know, when you start to lose your hearing, it not only impacts you and others around you but it takes a huge toll on our brain and cognitive functions. If you have hearing deterioration, treating this in the early stages has a very positive impact on your brain's health.

Chloe will discuss any questions you may have about your ear health and can tell you about the latest technology in the world of digital hearing aids, from the astonishingly small to the one with revolutionary speech technology.

Plus, if you suffer from troublesome ear wax, we also offer a wax removal service at a competitive price.

Father's Day 2024

This day means a lot to me, as my Father, Nathalal Amlani, supported me in my formative years - to get me where I am today.

So, to celebrate, we are giving everyone who has an eye test, up until the end of June, a £45 eyewear gift certificate - meaning, your eye test will be FREE if you get new glasses!

TESTIMONIALS

‘Exceptional service with such a friendly & welcoming atmosphere. We won't be going anywhere else now 10/10!’

- Victoria Knox

‘Fantastic consultation. I was made to feel very welcome by the team, and really felt as though my concerns about my eyes were listened to.’

- Philippa Ogden

‘Excellent service 🧡 friendly staff. Would highly recommend.’

- Payman Abdullah

‘I thoroughly recommend Vision Clinic. I have seen many opticians for my eye condition over the years. This was by some margin the best. Both in terms of friendly service from all the team and their obvious expertise and clinical experience. I left with many practical tips and useful advice to manage my eye problem. I don't plan to go anywhere else from now on!’

- Uma Nath

Karibu! (Welcome in Swahili)

Karibu to all our new clients from the last few months
